

Year Group: Year 5/6 (Hazel)

Term: Autumn

Teacher: Mrs Thompson/Mrs Walsh

Topic: Eco Warriors

Visits and Visitors:

FCC Environmental – Reduce, Reuse and Recycle
Stour Valley Trust – A visit to the Stour River outdoor classroom
Sudbury Town Tour – Talbot Trail

Philosophy:

Can one person change the world?
We will explore our impact on the world, and how one person can make a difference.

Spiritual, Moral, Social and Cultural:

In Guided Reading we will study Wonder by R J Palacio, and explore moral and spiritual themes within the text.

Art and Design:

Trash to Fash! We will be creating robots and clothing from recycled materials. We will take inspiration from Monet and develop painting skills using colour effectively. We will learn how to mix colours and create hues and tints.

Computing:

Social Media – using media responsibly and protecting ourselves and others when online.

Design Technology

We will be working on 2D & 3D Modelling – Designing, making and evaluating models of robots, rivers and planets.

Business Initiative:

Linking to PSHE, we will make 'Fair Trade' cakes to sell.

Personal, Social, Health and Emotional:

Theme: Connect
Understanding I Belong
- Making our classroom a community
- Caring for our community
- Thinking about ourselves and others

Pot Kiln Primary School

Maths:

We will: Cement our knowledge of Place Value. Develop our skills of Addition and Subtraction using up to 6 digits.
Times Tables – Master Multiplication and divisional facts.

English:

Visual Literacy – Wall.e. We will develop our descriptive vocabulary and explore a range of SPACED fronted adverbials and new sentence types. Using Rivers as our inspiration, we will create a range of poetry, exploring concepts of narrative poetry, Haiku and Shape Poems.
Our non-fiction work will include cross curricular writing, creating explanation text about the history of Sudbury and the River Stour.

MFL:

We will continue to follow the Rigolo scheme. We will be developing our conversation skills and learning how to discuss our likes and dislikes.

Science:

We will research and investigate Living Things, in particular *Classification*, and use our understanding of this subject to classify flora and fauna.

P.E:

Outdoor – Hockey
Indoor – Dance
Cycling Proficiency

Learning Outside the Classroom

Exploring habitats – Classification
Cycling Proficiency
River Stour Trip / Sing Up Suffolk
Sudbury Town Exploration

R.E:

Humanism – Exploring a belief system which recognises the importance of all living things.

History:

We will learn about the history of Sudbury and the River Stour.
We will learn about the landmarks of the town, its famous inhabitants from the past and the development our world famous Silk trade.

Geography:

Using the River Stour as our inspiration, we will learn about Rivers, key aspects of human geography, and make comparisons with major rivers of the world. We will use atlases to locate relevant geographical points of interest around the globe.

Music:

Year 5: Guitar lessons with Mr Lockington
Year 6 (Play On): Viola lessons with Mrs Taylor
Year 6: Music from the 1960's and 1970's, we will create our own compositions using Charanga. We will also study Moldau by Smetana to compose an innovative piece to portray the journey of a river.
