

Covid-19 Recovery Plan – Art and Design

Here is the long term plan for Art and Design. Highlighted in red is where each year group should plan to cover the missed objectives due to our pro-longed period away from school during the Covid-19 outbreak. These are objectives which should have been covered in the Spring 2 and Summer Terms 2020. Careful assessment of the pupil's skills in Art and Design will be made during the first term against the assessment statements set out in Target Tracker and plans will be adjusted to address any gaps identified.

Covid19 Recovery Plan	<p>It is expected that year 1 to year 6 use the 'Art and Design in Suffolk' scheme of learning. There are 6 half term units that have clear objectives and can be adapted to the topic you are teaching. The units include: - Painting, printing, drawing, collage, 3D, and textiles.</p> <p>When planning for art and design, please look at the units that your year group have missed. They will need to secure their skills in previous years' objectives and build upon the objectives in the year that they are currently in.</p> <p>Your long and medium term planning of art and design should show cross curricular links to your topic including the units of learning that have been missed in the Spring 2 and Summer terms 2020.</p>
