

Year Group: Year 3/4

Term: Summer 1

Teacher: Mr Williams, Miss Amankwa-Gyamfi and Mr Quigley

Topic: The Ancient Greeks

Maths:

Willow class will be continuing their work on Fractions and then moving on to looking at time of 5 minute intervals and AM/PM.

Larch and Sycamore are continuing work on decimals and then moving on to money and the addition/subtraction of it.

Design Technology:

We will be learning about and sampling traditional Greek foods.

Art

We will be studying Greek pottery and then designing and making our own.

Personal, Social, Health and Emotional:

Throughout this half term we will be looking at mental wellbeing as well as personal hygiene and becoming more aware.

English:

We will be looking at the myth Theseus and the Minotaur and writing our own version.

Researching Ancient Greek Gods then writing an information text about one of them then looking at the structure of a play script and writing our own.

Science:

Children will learn about plants, animals and other living things.

In this unit we will cover, the purpose and typical features of plants, food chains, the skeleton and muscles of the body then finally the digestive system of humans.

Computing:

We will use a range of software to publish our work. Also using programming software.

Topic:

During our Ancient Greek topic we will be looking at where Greece is in the context of Europe and the world.

We will also be looking at the history of the Ancient Greeks and the origins of the Olympics. We will also cover Greek history within our English unit.
